

Cold Forging Flange Parts

Features of forged flanges:

- Product name: Cold Forging Flange Parts
- Material: Carbon Steel, Stainless Steel, Aluminum, Brass
- Machining Tolerances:0.01mm
- Machining Process:
Cold Forging, CNC Turning, Grinding, Threading
- Min. Order:50,000PCS
- Surface Treatment: Polishing, Heat Treatment, Sand Blasting, Zinc Plated, Anodization, Chemical Film,
- Packing: Carton Box, Blister tray, Pallet, Wooden Case.
- Certificate:ISO9001:2008, ISO/TS16949

Email:info@hewcho.com **Whatsapp:**+86 13758266067 **Website:**www.hewcho.com

We also provide [cold forging solid parts](#), welcome to contact us to know more details.

What we can Provide:		Machining Material:	
CNC Machining Service		Carbon Steel	
CNC Turning Service		Stainless Steel	
CNC Milling Service		Aluminum	
Cold Forging Service		Brass	
Metal Stamping Service		Copper	
		Titanium Alloy	
Surface Treatment		Application:	
Heat Treatment		Automobile Spare Parts	
Sand Blasting		Electrical Appliance Industry	
Polishing		Electronics Industry	
Zinc Plated		General Industry	
Anodization		Machinery and Equipment	
Chemical Film		Hydraulic and Pneumatic	

Description of forged flanges

Ningbo Hewcho have more than 10 years experience of **cold forging flange parts**. We have developing and manufacturing cold forming parts made of carbon steel, aluminum, copper, brass and stainless steel.

Ningbo Hewcho save on raw material, various components have been developed which are hither to manufactured through machining route with the new range of 6 station Cold Formers. Symmetrical components in round, square and hexagon shape with flange and threads are now cold forged with close tolerances and high productivity. These components are well accepted and appreciated by OE manufacturers due to great cost saving potentials besides fulfilling their high volume demands.

Ningbo Hewcho offer you flanged hollow cold forged parts with symmetrically or asymmetrically

Tel:+86 574 62387787 **Fax:**+86 574 62387788 **Mobile:**+86 13758266067 **Skype:**hewcho

ground off flanges in a wide variety of shapes and also with hollow cold-forged, round, offset or profiled blind holes and/or through-holes bored into the shafts.

Different Types of Flanges

			
Hollow Cold Forging Flange Parts	Solid Cold Forging Parts	Flange Sleeves	Flange Protector
			
Flange Pins	Flange Bushing	Flange Shapes	Non-concentric Flange Bolts

Why Choose [Hewcho](#)?

Low price, process performance (e.g., weldability and cold formability) good.
